# Going to extremes for you

As the world record holder in several **directional drilling services** categories, Weatherford knows that, when it comes to reliability, you have to go to extremes. That's why we build our MWD/LWD and rotary-steerable systems to withstand hostile environments better than the rest.

## From routine to extreme, we deliver.

Weatherford's drilling systems greatly reduce well construction costs with faster ROP, higher LWD logging speeds and smoother boreholes—making them ideal for both routine and extreme applications.

To learn more about how our full suite of directional drilling, LWD and rotary-steerable systems are engineered for reliable and repeatable performance, visit [weatherford.com](http://weatherford.com).
